HOME HEALTH & PRIVATE DUTY NURSING

STAYING SAFE AT HOME WITH ADORATION HOME HEALTH & PRIVATE DUTY NURSING

Compassionate care. Safer days. Peaceful nights.

At Adoration Home Health & Private Duty Nursing, we believe that every individual—no matter their age or condition—deserves to live safely and confidently in the place they call home. Our **Private Duty Nursing (PDN)** services are designed to do just that.

Safety Comes First—Always

For many of our clients, even small risks in the home can lead to major setbacks. Whether it's a child with complex medical needs or an adult with a chronic condition, our licensed nurses are trained to:

-  Monitor for changes in condition before they become emergencies
-  Administer prescribed medications and therapies with precision
-  Prevent infections and avoidable hospitalizations
-  Provide around-the-clock clinical oversight when needed

Supporting the Ones Who Support Them

We know that behind every client is a devoted caregiver—often a parent, spouse, or adult child—who gives their all. But even the strongest caregivers need rest, reassurance, and support. That's where we come in.

- ✓ We provide **skilled relief** so caregivers can rest or return to work
- ✓ We offer **education and peace of mind** that someone qualified is there
- ✓ We partner with families—not replace them—to deliver the highest level of care

Why Families Across Tennessee Trust Adoration

- ▶ Our team is **licensed, background-checked, and trained in complex care**
